Policies & Procedures #3.2 Addendum to Policy #3 Nutrition Services Department

Student Account Balances

Effective Monday, December 3, 2018 any students that have a past due food balance will not be provided a lunch or alternate meal until balance is paid in full.*

We recommend that you keep a reserve amount on your student's account to avoid a deficit. If you have a past due balance, you should have received an email or phone call from our nutrition services assistant manager. Please feel free to call the office if you have any questions regarding your student account balance.

If your student has a past due account balance we will be holding report cards until balance is paid in full. Additionally, your child may risk future enrollment after multiple efforts have been made to collect payment.

*If your child receives a reduced-price meal and you are are not able to payoff the balance by Monday, December 3, 2018, please call the office to make payment arrangements. Lunch will be provided for these students in the meantime.
